### HEIWA SHUZUO CO. ESTABLISHED 1928

The brewery was named "Heiwa," or peace for their desire for world peace after the destruction of World War II. Built inside and around a 500-year-old temple in scenic Wakayama, the brewery is surrounded by mountains and abundant natural spring water.

Heiwa Brewery is also famous for fruit infused sake made from plums, tangerines, and yuzu grown in their own orchards in the surrounding hillsides.
