VINEYARD INFORMATION

What started out as Stellenbosch only, ballooned to three distinct wine of origin districts, each one portraying a different set of characteristics and aroma profiles.

Stellenbosch: One of our oldest and trusted wine of origins. We know we get an amazing complexity of aromatics from earthy, herbaceous goodness to ripe, fresh fruit-driven appeal.

Swartland: The diversity of the Swartland is well documented, as it brings diversity in each vintage because of its harsh growing conditions. One thing that we are looking for prominently is fruit distinction, which the Swartland always delivers.

Darling: Balance is always the key in a blend of this magnitude. There will always be a component that is tasked with bringing two opposites to the same party, and the wines of Darling do just that.

TASTING NOTES

A wine for any occasion – with its vibrant delicate pink colour, it entices the senses and lures one away through its beguiling fruit and candy aromatics.

Candyfloss and sweet ripe red cherries are just some of the extravagant aromatics that welcomes you on your foray. This gives way to tilled earth and some spice from our prized Cabernet Sauvignon vineyards.

An alluring brace of flavour and intensity on the palate. The bubbles are fine and pure, and spread delicate taste sensations while dancing through a vibrant flavour spectrum of sweet, spice and herbaceous.
